

Twelve Fine Oranges

Kings Cross Community Garden

30th September 2020

Hello Gardeners

We have just passed the spring equinox and our garden is already showing luscious spring growth! We are seeing the fruits of our labour from this last year, as we focused to improve the quality of the soil. Our members have worked consistently to refine various composting techniques and with aid from our happy worms, we are delighted that the soil is looking rich and fertile.

Compost

As you know, the garden has re-opened to members and the compost collection bins have also been reinstated after the COVID 19 precautionary closure. Please check notices upon entry to the garden and our website for acceptable organic matter.

Membership and donations

We warmly welcome many new members to this year's membership cycle and hope to see you in the garden soon. If you would like to be added to the KXCG Whatsapp Garden group or KXCG Whatsapp Social group, please let us know by responding to this email or when next in the garden with another member.

We would also like to take this opportunity to thank Ian Campbell of Ray White Real Estate, Macleay St, Potts Point for the very generous donation to our garden. We are very grateful for such donations!

Question to our members

We are always open to feedback from our members and supporters and welcome your ideas on ways we can further improve your experience as a garden member. You're invited to reply via this email.

Food for thought

Our Annual General Meeting (AGM) is coming up in early December.

This is an opportunity for you to nominate for membership of the Garden Committee.

Membership of the GC means that you represent the interests of the members of Twelve Fine Oranges, Kings Cross Community Garden. Responsibilities include seeking input from all members, liaising with City Of Sydney, ensuring that the garden flourishes according to stated values, managing the budget. It can be hard work and a lot of fun. We will be in touch with details of time, place, nominations forms closer to the date and invite you to consider this opportunity. We can provide you with the Council approved Management Plan if you want to better understand how the garden is designed to work. (*only financial members are eligible to nominate for the GC)

COVID 19

Just a reminder, when you come into the garden, please make sure you add your name to the Covid 19 Contacts Register found on the bookcase in the shed. For latest COVID 19 safely updates please visit our website: <https://www.kingscrossgarden.org/>
See you in the garden,

Kylie-Ann

Kings Cross Community Garden Committee
